

BELONGINGS

Original Musical by Stephanie Lamplough and Paul Sharman
Adapted by Joe Caddy

The Story

The Salvation Army Thrift Store: where belongings can find new beginnings, and people can find a place to belong.

On a typical Thursday morning, the store is bustling with people—employees, regulars, and newcomers alike—all searching for something: purpose, a bargain, a fresh start, or a friend. But when a fierce storm strikes, these almost-strangers must shelter together, sharing snacks and swapping stories which reveal unexpected connections.

Little did they know that this ordinary Thursday would be a day they'd remember for a long time, and their lives would be changed because of it. Join us for *Belongings*—a moving musical journey that captures the humor, heart, and humanity of lives intersecting in the most unlikely of places.
